EDUCATION

Sasi Institute of Technology and Engineering

Computer Science and Engineering Bachelors

CGPA: 7.3

Tadepalligudem , Andhra Pradesh

March 2021 - April 2024

EXPERIENCE

Qicpic Innovations Private Limited | Full stack developer

Bengaluru, India | December 2024 - May 2025

- As a Full Stack Developer, I independently led and executed an entire project from scratch, taking full ownership of both the frontend and backend development processes.
- I designed and built an interactive, responsive, and user-friendly frontend using modern technologies like React.js, HTML, CSS, and JavaScript.
- For the backend, I used Node.js and Express.js to create RESTful APIs. I implemented core business logic, secure authentication (JWT or session-based), and proper validation for all user inputs.

Consultancy Services | Backend Developer Intern

Tadepalligudem, India | November 2022 - September 2023

- Assisted in debugging, testing, and deploying backend features, contributing to the overall product functionality.
- Contributed to the design and development of robust, scalable RESTful APIs using Node.js and Express.js, improving data flow and reducing server response time by 30%.
- Used tools like Postman for API testing and MongoDB Compass for query optimization.

SKILLS

Programming Languages: JavaScript
Libraries/Frameworks: React, Node.js
Tools / Platforms: Git, VS Code
Databases: SQL, MongoDB

PROJECTS / OPEN-SOURCE

TODO List | [Link](#)

React, Bootstrap, CSS

- The TODO-App is a simple yet intuitive task management tool designed to help users stay organized and productive.
- Built with React.js and styled with FantaCSS, the application focuses on providing a seamless user experience.
- It supports efficient task tracking with an interactive and responsive design.

Portfolio | [Link](#)

React, Bootstrap, CSS

- Created a personal portfolio project to showcase my projects and skills.
- The site include sections of my work and skills and contact information, featuring smooth animations and responsive designs.
- Integrated Social media and GitHub and LinkedIn, allowing potential employers to view my code and professional profile.

CERTIFICATIONS

- Git and GitHub - Udemy.
