Tadepalligudem

Bachelor of Technology in Computer Science And Engineering
Sasi Institute of Technology And Engineering

Accomplishments

- Masai Speaking Marthon
- Worked on Full Stack Application by myself

Certifications

- Git and GitHub

Projects

- Todo App demo: https://comfy-kheer-1b40a0.netlify.app/ source code: https://github.com/Ponnada-Durga-Prasad/TODO-App

The TODO-App is a simple yet intuitive task management tool designed to help users stay organized and productive. Built with React.js and styled with FantaCSS, the application focuses on providing a seamless user experience. It supports efficient task tracking with an interactive and responsive design.

- Portofolio demo: https://durga-prasad-portfolio.netlify.app/ source code: https://github.com/Ponnada-Durga-Prasad/My-portfolio

Created a personal portfolio website using React and Bootstrap to showcase my projects and skills. The site includes sections for my work, skills, and contact information, featuring smooth animations and a responsive design. Integrated social media links to GitHub and LinkedIn, allowing potential employers to view my code and professional profile.
